

ECOSSolutions

Answers to your environmental questions

Upcoming Topic: Upcoming changes to the NPDES Industrial Stormwater General Permit.

When: Thursday, December 10th at 10:30

Where: South Seattle Community College, Georgetown Campus – Building C, Room 212

Join us for the next installment in our series of solutions-oriented information sessions hosted by ECOSS.

Representatives from Kennedy-Jenks environmental consulting firm presented on the main differences in the new permit, and offered information on how to remain compliant with the new regulations.

Don't miss this opportunity to ask questions and get straight answers about the NPDES General Permit.

We will meet from 10:30a.m. to noon, and coffee and pastries will be provided. There are only 30 spots available for this session so please RSVP at your earliest convenience by sending an email to: aldan@ecoss.org

We look forward to seeing you there!
